

# High pressure grease

## Spring retractable hose reel

Part number - NS200-HPG-15/06

**Suitable for dispensing:**

- Grease at high pressure

**Suitable for the following industries:**

- General industry
- Mining
- Truck/bus lubrication servicing
- General automotive service workshops

**Special features:**

- Compact frame, for space-limiting installations
- High strength/ridged frame and drum

Operating Specifications	
Maximum working pressure	400 BAR for Grease
Product inlet (swivel inlet)	1/2" BSP* Female
Product outlet connection (shaft)	-6 JIC Male
Maximum hose length (including hang down)	
1/4 inch I.D. Grease hose (S.A.E. 100 R2)	15 meters
3/8 inch I.D. Grease hose (S.A.E. 100 R2)	15 meters

\*BSP/JIC adaptor to be fitted for the USA market
