

Diesel fuel and lubricant

Spring retractable hose reel

Part Number – MPXHD-HPG-20/04

Suitable for dispensing:

- Grease
- Water

Suitable for the following industries:

- General Industry
- Mining
- Truck/bus lubrication services

Special features:

- Long hose length capacity
- High strength / ridged frame and drum
- Compact width and high
- High Pressure applications

Operating Specifications

• Maximum working pressure	350 BAR
• Product inlet (Swivel inlet 90°)	¼" NPT
• Product Outlet connection (Shaft).....	¼" NPT
• Maximum hose length	20 meters
