

Air, water and lubricants

Spring retractable hose reel

Part number - NS600-AWL-15/12

Suitable for dispensing:

- Lubricating oils
- Air
- Water

Suitable for the following industries:

- General industry
- Mining
- Truck/bus lubrication servicing

Special features:

- Long hose length capacity
- High strength/ridged frame and drum

Operating Specifications

Maximum working pressure	220 BAR for Lubrication Oils
Product inlet (swivel inlet)	3/4" BSP* Female
Product outlet connection (shaft)	-12 JIC Male
Maximum hose length (including hang down)	
3/4 inch I.D. Oil hose (S.A.E.100 R1)	15 meters

*BSP/JIC adaptor to be fitted for the USA market
